# MATERIAL SAFETY DATA SHEET

Modified Silicone

Do not breathe vapour.

Do not take internally.

## Environmental Precautions:

Do not allow large quantities to enter drains or surface waters.

## Methods for Cleaning up:

Observe all personal protective equipment recommendations described in this MSDS. If diked material can be pumped, store recovered material in appropriate container. Wipe up or scrape up and contain for salvage or disposal. Clean area as appropriate since spilled materials, even in small quantities, may present a slip hazard. Final cleaning may require use of steam, solvents or detergents. Dispose of saturated absorbent or cleaning materials appropriately, since spontaneous heating may occur. Laws and regulations may apply releases and disposal of material, as well as those materials and items employed in the cleanup of releases. You will need to which laws and regulations are applicable .
